

## Royal International Horse Show 30<sup>th</sup> July

This year we sent one team to the Royal International the team were:-

Jodie Barden riding Bay Chester  
Briony Clarke riding Jet Ski  
Wendy Purdie riding Wilderness Galaxy

This year there were 86 teams taking part and for anyone who doesn't know this is an extremely competitive competition over a course of 85cm, 95cm and 1.05 one round against the clock over a full up British Show Jumping course.

Our first member to jump was Jodie and its always a very early start for our first rider and having to be towed in due to the very muddy conditions after the recent rain we had had made an interesting start to the day but Jodie and Chester jumped a superb clear round.

Next to go was Briony who having had to wait to be towed in and only had 10 horses left to jump before their go but super cool as always Briony and Jet ski having only jumped 2 practice fences jumped a lovely round with a very unlucky pole falling.

Our last member Wendy who had bravely offered to jump the 1.05 cm one of the biggest courses they had jumped, who also had to wait to be towed in jumped a very good round for a couple of poles.

A big thank you to the team for their efforts and bravely tackling the mud!!

Jackie
